Why KAJITO?

Since the 1970s, the MENA region has held a deep and lasting admiration for Japanese brands—trusted for their unparalleled quality, innovation, and reliability. Built upon this legacy, KAJITO was founded through a strategic collaboration between Elaraby and leading Japanese expertise company, ensuring that every product reflects Japan’s world-class standards and craftsmanship. KAJITO is more than just a brand—it is a commitment to delivering premium home solutions inspired by Japanese precision, technology, and thoughtful design. With meticulous attention to detail, KAJITO is dedicated to selecting and sourcing Driven by the belief that homes should be both functional and inspiring, KAJITO blends simplicity, elegance, and advanced

technology to enhance everyday life. More than just appliances, we offer experiences—transforming daily routines into moments of comfort and delight. With KAJITO, every home becomes a haven, every moment feels enriched, and every day is touched by a hint of the extraordinary.

Picture Quality

Every picture is a masterpiece scene

Dolby Vision

Dolby Vision Enhanced imaging performance through increased brightness and expanded dynamic range, while improved signal fidelity delivers ultra-realistic visuals with exceptional luminance, color accuracy, and contrast.

HDR 10 - HLG

HDR (High Dynamic Range) technology delivers significantly richer luminance details compared to traditional SDR (Standard Dynamic Range), creating profoundly immersive and true-to-life visual experiences for end users. (HDR10+ has been opened)

Gaming

Play like a pro.. Win like a master

Gaming Mode

144Hz panel refreshes 144 times per second, 2.4 times faster than regular TVs. Capture every movement on the screen to ensure your first step to victory.

POWERED BY
ONKYO

Multi-Channel Surround & Object-Based Audio Processing, Creates a true spatial soundstage by synergizing with speaker hardware to precisely localize every sonic detail—'Transplanting the live venue into your home'—for unprecedented immersion."

Sound Quality

Acoustic Precision, Every Note Perfected

This speaker features a large-cavity design, delivering deep bass with an F0 resonance frequency as low as 80Hz, while its 20mm voice coil drives the high-frequency soundstage for crystal-clear and powerful audio performance.

Connectivity

High-speed Transmission, unlimited connectivity

Bluetooth 5.1
WiFi 5
HDMI 2.1
USB2.0

Operating System

Your Smart Hub for Seamless Entertainment

Google TV - android 14

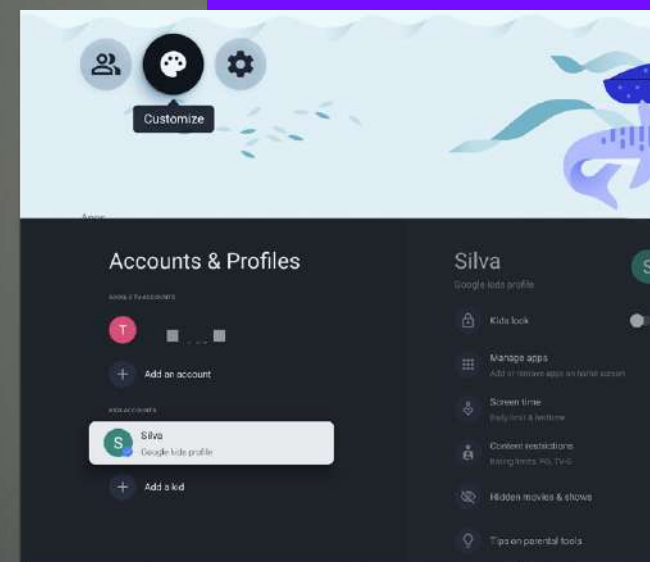

The all-new Google TV 5.0 offers richer content and smarter ecosystems. With %20 optimized system memory, it delivers faster app launches and enhanced multitasking capabilities. Deep integration with the Google ecosystem enables personalized content recommendations for a more intelligent experience.

OSD PQ

The innovative OSD PQ technology automatically optimizes text clarity, significantly enhancing readability for effortless viewing.

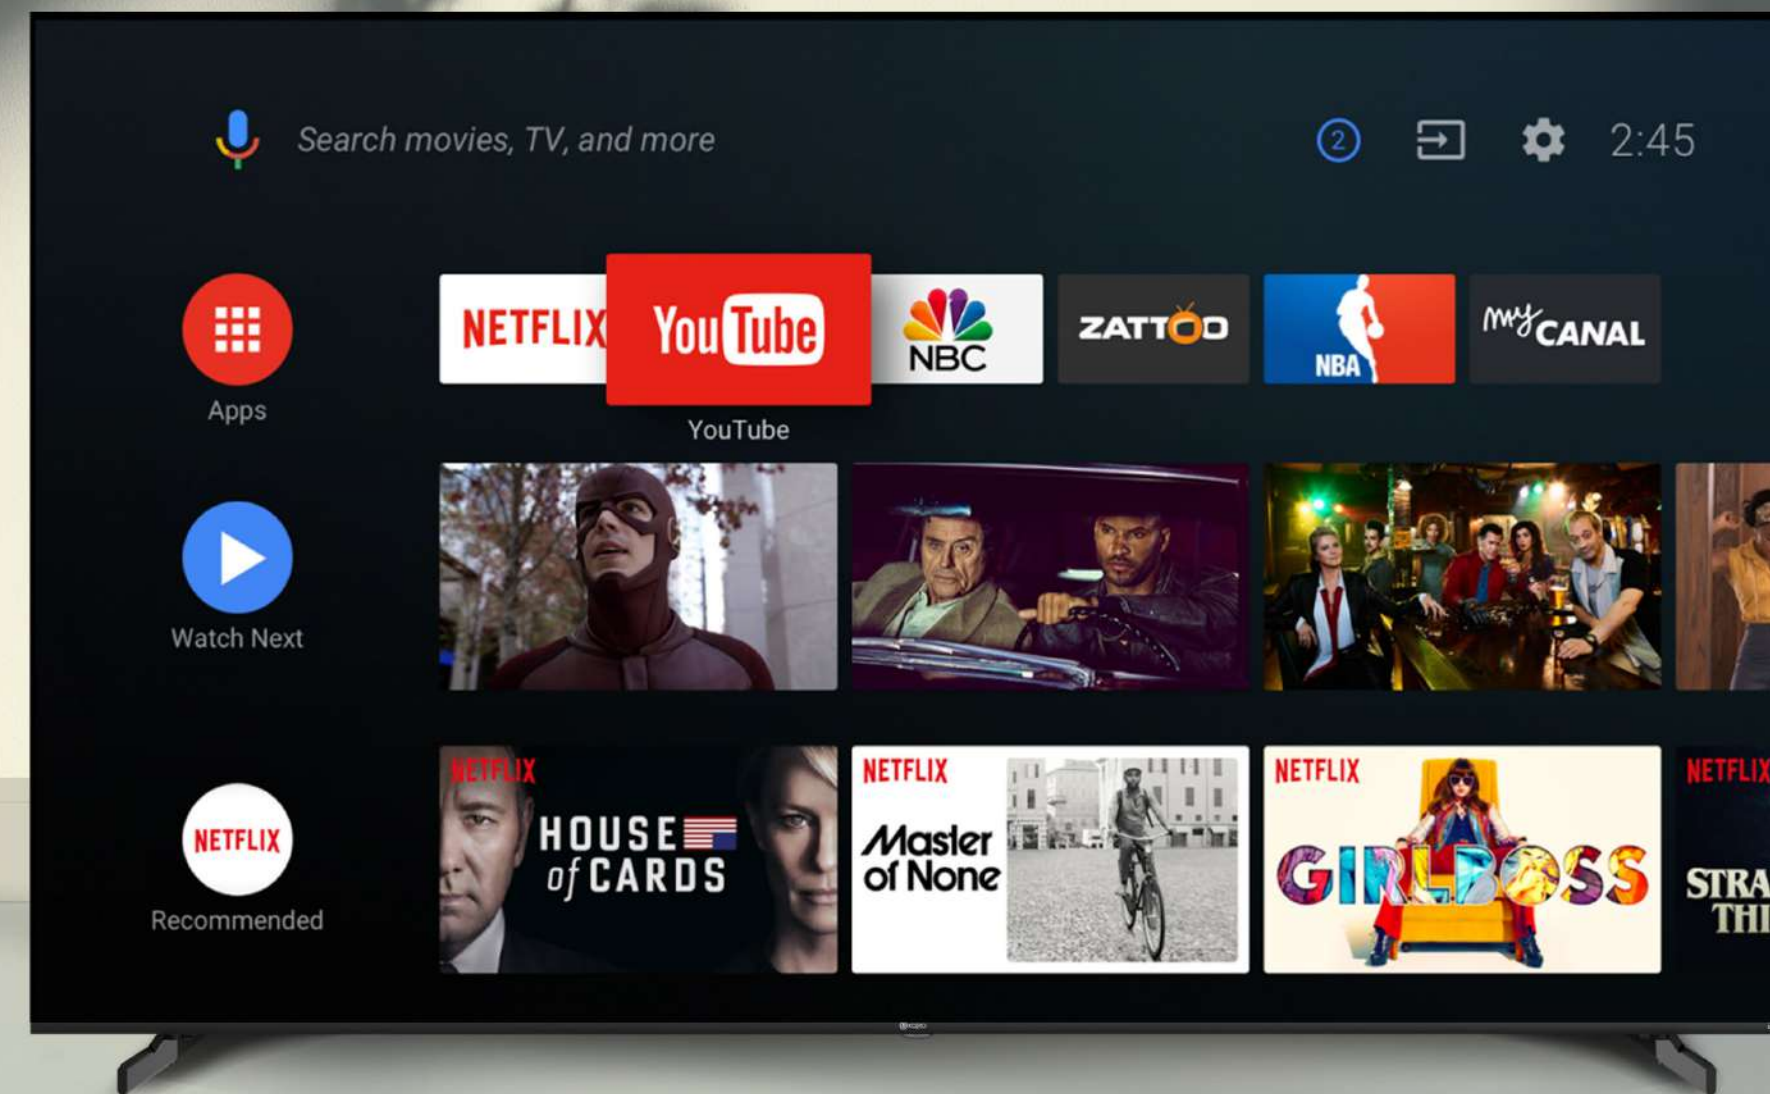

Universal Casting, Magnify the Brilliance

Seamlessly cast from Android, iOS, Windows, or Mac devices to the big screen. With mirroring speeds up to 50Mbps*, enjoy smooth 4K/1080P full HD streaming—zero lag or stutter.

Kids Mode, Growth Guardian

The all-new Kids Mode provides a dedicated viewing space for children. Parents can set viewing permissions through Parental Controls to protect kids from inappropriate content – creating a safe, healthy, and fun digital world for them
